Also, none of the prior art of record, alone or in combination, discloses, inter alia, a skull pin and a kit comprising a halo or skull tongs and the skull pin, where the skull pin comprises a pin body and a pin tip, where the tip consists of a straight-sided portion, a tapered portion, and a rounded tip having a spherical radius in the range of .025 to .075 mm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
